

Sabine Pools Price-Match Guarantee

How does Sabine Pools' price-match guarantee work?

If you find a lower price available locally on a new identical item, just show us the lower price when you buy the item at Sabine Pools and we will match the price, or within 14 days of your Sabine Pools purchase and we will give you the difference.

Which items does Sabine Pools price-match?

Almost everything we sell over the counter in our stores. The item must be identical, including model number, components and U.S. warranty. The item must be in stock and currently available for purchase at that price, which we reserve the right to verify.

Which items and services aren't available for price-match?

We don't match our store prices to those on the internet. We don't price match delivery, labor, construction products and services, pool service, maintenance, or trip fees. We don't price match our third-party providers' products and services, items sold on auction sites or at local or special events (e.g., grand opening, anniversary, clearance, or liquidation sales). We don't price-match taxes and typographical errors.

What if I find a lower price at Sabine Pools?

If you find a lower price in one of our stores or in a dated advertisement, we'll gladly match the lower price. If an item is marked "clearance", the clearance price is only valid for an in-stock product that is marked at that clearance price.

How do Sabine Pools coupons and rebates contribute to the Sabine Pools price?

When calculating a price match, we'll deduct any available Sabine Pools coupons and manufacturer rebates from the Sabine Pools price to arrive at a net price. For example, if you buy an item from us for \$100 and we offer a \$20 instant rebate, the net price is \$80. If another company's price is \$80 or more, we will not match the price. Another example: if you buy an item from us for \$159 and you have a \$30 coupon, the net price is \$129. If another company's price is \$125, your price match would be \$4.

Will Sabine Pools match another company's price when combined with an instant rebate, mail-in rebate, gift check or gift card, or free or discounted item?

We'll match another company's final price after deducting an instant rebate. If another company offers a product that comes with a mail-in rebate, gift check, gift card or an equivalent, we will only match the price you pay at the point of purchase and will not take the mail-in rebate, gift check, gift card or equivalent into account. If another company offers a product that comes with a free or discounted item and Sabine Pools does not carry the free or discounted item, we will only match the price you pay at the point of purchase and will not take the free or discounted item into account.

Are quantities limited on price-matched products?

We may limit the quantities of price-matched items, particularly if the other company does. In addition, we reserve the right to limit quantities sold to a customer.

Policy information is available at the counter of each store. This policy is subject to change without notice. Effective as of January 1, 2009.
